

# RF PROBES

Measuring probes for measurement of forwarded and reflected power.

SND 8003 and SND 8004 are made of aluminum and are suitable for indoor use.

All SND xxxx-IP68 are compliant with standard IP68. They are made of high quality silver-plated brass and are fully resistant to adverse weather conditions. They can also be used submerged into water.

Features:

- Impedance 50 Ohm
- Input return loss > 30 dB
- Coupling return loss > 30 dB
- Directivity > 30 dB
- Temperature range -10 do +50 °C
- IP 68

Type Code Connector	Code	Connector
SND 8003	50226	EIA 7/8"
SND 8004	50247	EIA 1 5/8"
SND 8014 - IP68	48626	EIA 1 5/8"
SND 8005 - IP68	48523	EIA 3 1/8"
SND 8009 - IP68	48496	EIA 4 1/2"
SND 8015 - IP68	48627	EIA 5"
SND 8016 - IP68	48628	EIA 6 1/8"
